

Antifragility - The code that feeds on chaos

Florin Marius Popescu
Software Engineer @ Froala

Author: Nassim Nicholas Taleb

Motivation

What is antifragility?

fragile

robust

agile

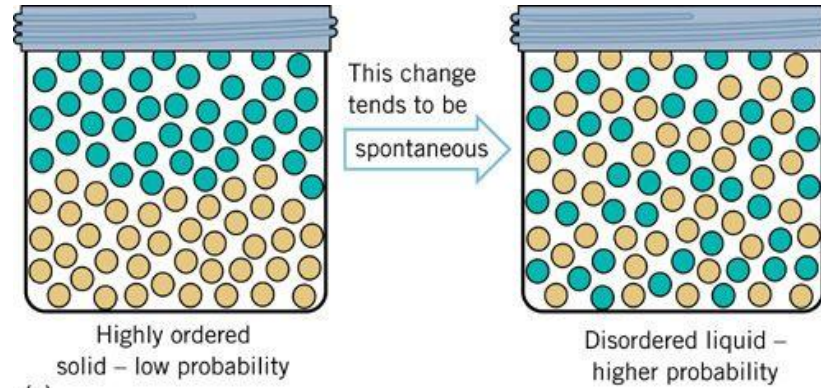

antifragile

Fragile/Robust

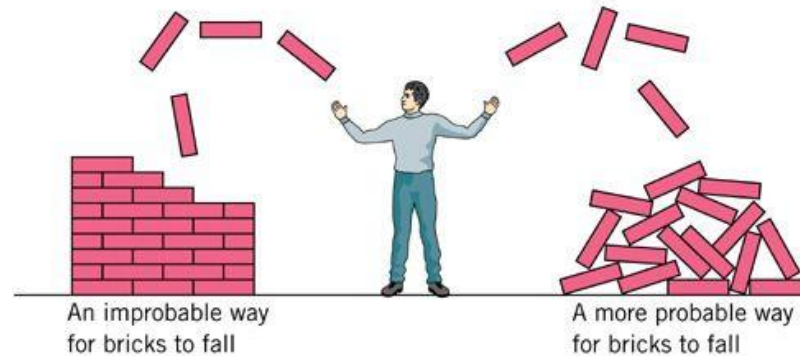

1. Build wheels.
2. Build engine.
3. Build ... ous out of business.

Second law of thermodynamics

(a)

(b)

Agile

1. Build a roller blade.
2. Build a bike.
3. Build a car.

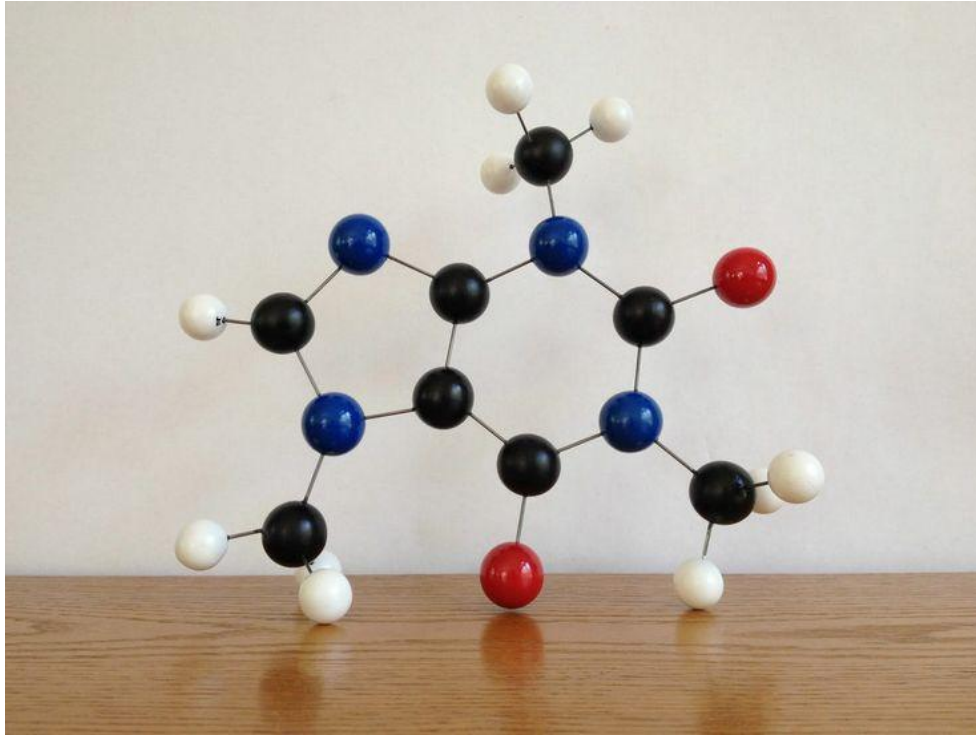

Antifragile

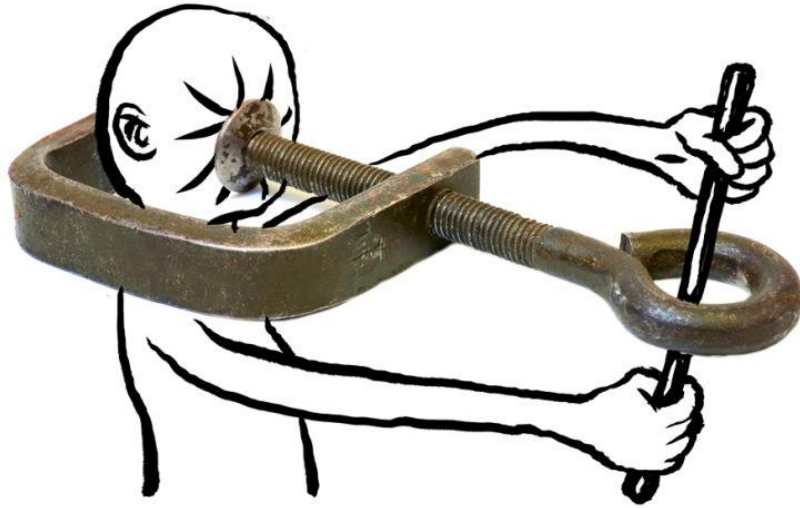

1. Build a scooter.
2. Scooter delivery.
3. Air conditioning.
4. Space travel.

Agile vs Antifragile

Why you would die instantly?

Feed the antifragile.

Purpose of life.

Fruits want you dead. Poisoning

Skin in the game

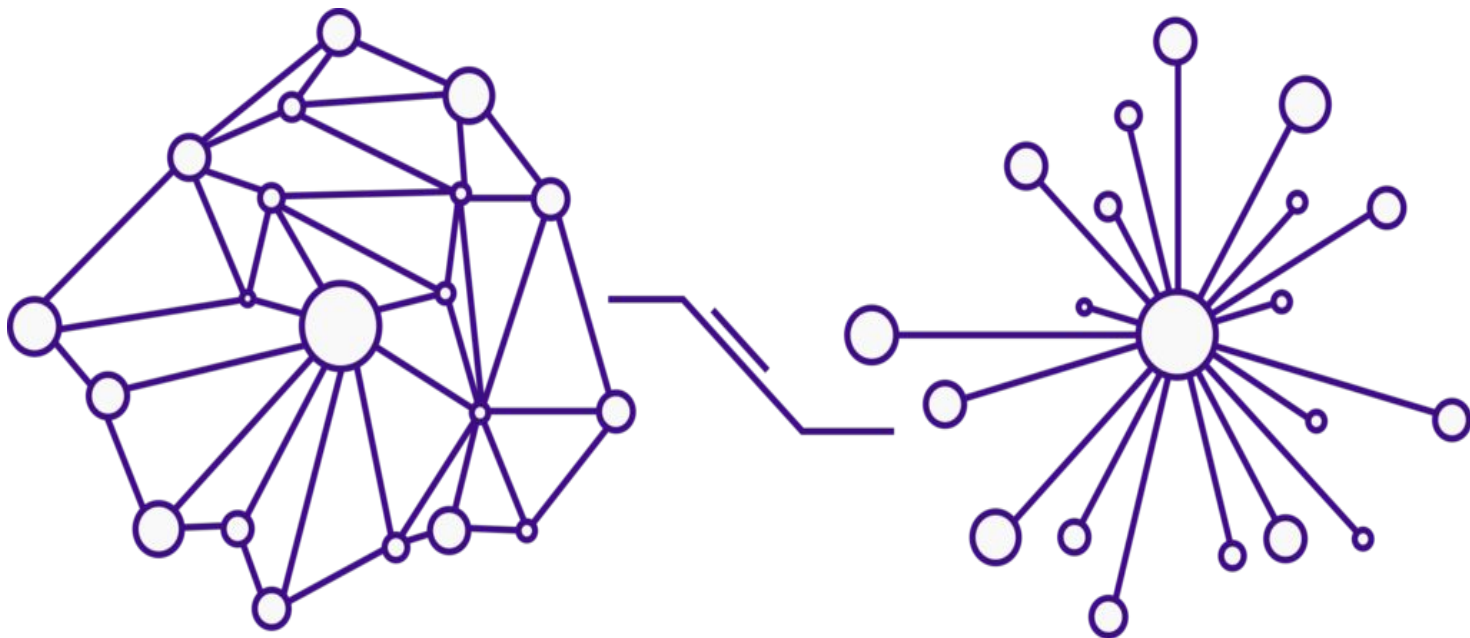

Redundancy is good, optimum not.

Big is not good.

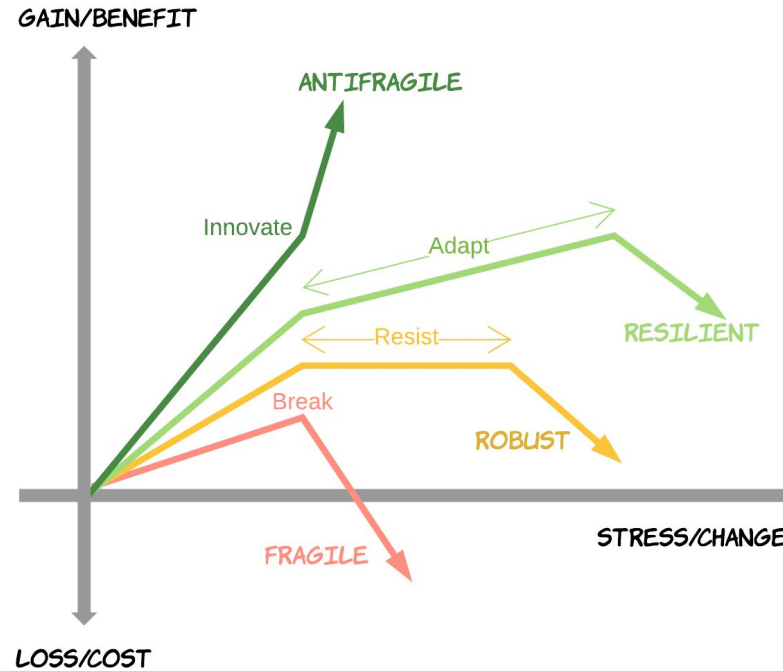

Keep it local.

Statistics: Pricoche the happy pig.

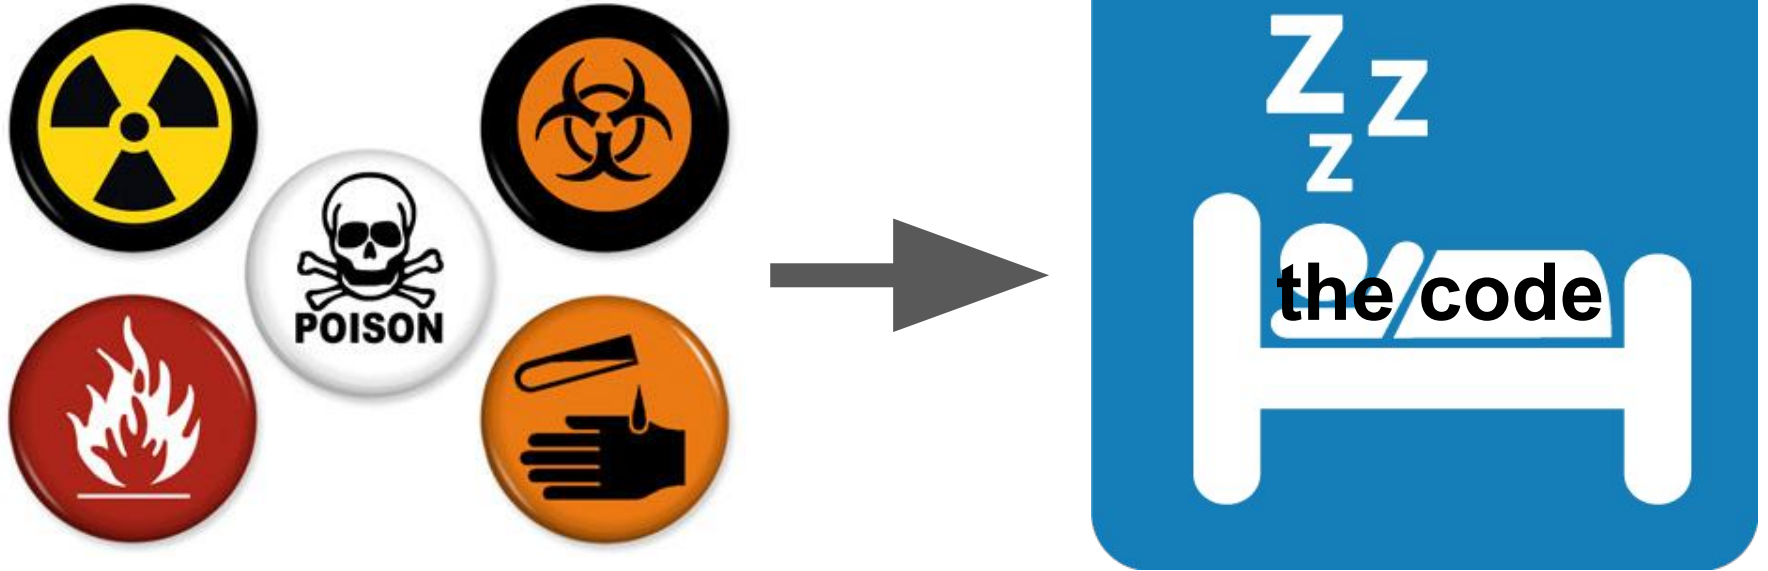

Startups

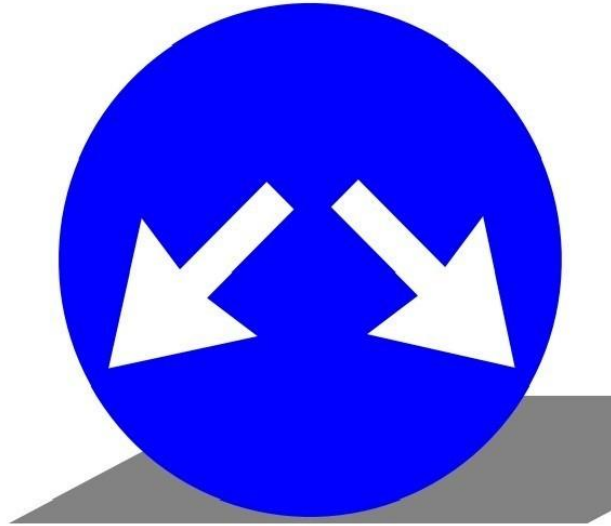

System dependent

Antifragile programming

Agile vs Antifragile

Patch

Redundancy

Poison
